Bhanuka	-
Dineth	Change implemented login to combination of bootstrap and material elements
Tharushan	-

Date: 22/08/2018

Name	Status
Janith	Admin dashboard implementation
Bhanuka	-
Dineth	Login dashboard implementation
Tharushan	Learning MEAN Stack - Express and Node Server

Date: 23/08/2018

Name	Status
Janith	Finalized the admin dashboard and started designing the news form
Bhanuka	-
Dineth	Forgot password GUI design
Tharushan	Learning MEAN Stack - Express and Node Server Cont.

Date: 24/08/2018

Name	Status
Janith	Implementing the news form GUI and searching about angular unit testing
Bhanuka	All Accounts Page Designing & Implementation
Dineth	Forgot password GUI implementation
Tharushan	Learning MEAN Stack - MongoDB and Mongoose

Date: 25/08/2018

Name	Status
Janith	Implementing the news form GUI
Bhanuka	Gallery Page Main GUI Implementation
Dineth	Reset password GUI design
Tharushan	Learning MEAN Stack - Angular

Date: 26/08/2018

Name	Status
Janith	Finalizing the news form UI
Bhanuka	Gallery Page Main GUI Implementation
Dineth	Reset password GUI implementation
Tharushan	Designed and Implemented DB structure for Project Entity

Date: 27/08/2018

Name	Status
Janith	Studying the Angular template driven form validations and reactive form validations
Bhanuka	Gallery Page Insert Methods
Dineth	Study angular form validation
Tharushan	Designed and Implemented CRUD operations for Project Entity

Date: 28/08/2018

Name	Status
Janith	News component front end validations
Bhanuka	Gallery Page Delete Methods and validations
Dineth	Implement Angular email validation
Tharushan	-

Date: 30/08/2018

Name	Status
Janith	Unit testing of the admin dashboard and news component
Bhanuka	Main Accounts Page Implementation
Dineth	Study about CRUD operations and implementation for login dashboard
Tharushan	-
