Dear Sir,

We (SD07 group) prepared the SRS document based on the information that were given to us by the client at the recent client meeting. Our client is Mrs. Anjalie Gamage who is a senior lecturer at SLIIT (Metro). She said that she is unable to check the SRS document, since she is at a conference until 4PM today. Therefore it would be really appreciated if you could go through this document and send us your feedback.

Thanks & Best Regards,

Janith
